## Certificate of Compliance

This certifies that all materials supplied by Macromatic Industrial Controls conform to applicable Macromatic Industrial Controls' drawings and specifications in effect at the time of shipment. Test records and documents created will be maintained as specified by the customer/government, provided that prior notice of such requirements have in each instance been given to and accepted by Macromatic Industrial Controls in writing. Test records and documents will be made available for review upon request in accordance with the aforementioned requirements. This certification is valid only to the original customer and is not transferable.

A handwritten signature in black ink, appearing to read "Eric Horwath".
